SYMPOSIUM

Fair Housing

- DISABILITY
- CRIMINAL BACKGROUND
- 8 PROTECTED CLASSES
- RENTERS & LANDLORDS

For its second year in a row, the City of Yuma, WACOG, and its Fair Housing Partners are offering an even bigger Fair Housing Symposium In celebration of Fair Housing Month. This community-wide free event is open to EVERYONE! Our focus this year will be on renting and accommodations/modifications for people with disabilities, and renting challenges for returning citizens (those joining society after being incarcerated).

Both sessions will also provide a review of current fair housing laws, protected classes, COVID-19, and practical examples of what could be a potential fair housing discrimination. This Symposium will provide tools and resources to tenants, landlords, housing providers, social services agencies, realtors, case managers, and the community in general. There will be door prizes! Sessions are fun, engaging, and very informative!

**Certificate of attendance given for those who attend the Symposium **
