c	<b>FY 2021 Election of Chair and Co-Chair positions</b>
	<p>Michael explained that it is time for Chair and Co-Chair elections giving a brief explanation of what both of the positions entail. Michael asked if there were any nominations for the Chair position - Heather nominated Michael Peluso to continue as Chair for another year and Sheri seconded that nomination. Michael asked if there were any other nominations or volunteers, with none Michael accepted the nomination and called for a vote which passed unanimously.</p> <p>Michael then asked if there are any nominations for the Co-Chair position - with no one speaking up Michael asked Heather if she would be okay to serve for another year. Heather said yes if no one else would like to take a turn. Michael nominated Heather Brasil to continue as Co-Chair for another year and Janet seconded the nomination. Motion passed by unanimous vote.</p>
d	<b>Updated Quarterly Reporting workbook</b>
	<p>Michael invited Felicia to review the updated quarterly reporting workbook. Felicia explained that this update is for the Fiscal year that began on October 1st and asked that everyone remember to finish the 4th quarter reports using last year's workbooks. For this workbook everything is basically the same with just some language changes. Felicia gave a quick review of the workbook and explained that if anyone wants a thorough training on use of this workbook we can schedule a separate training using zoom or google meets so that we can really dive into it.</p>
e	<b>Coordinated Council By-Laws for review/update/approval</b>
	<p>Michael explained that the Coordinated Council By-Laws were included in the agenda packet and are up for annual review. Michael asked Felicia if this item is necessary to be reviewed annually, Felicia explained that historically we have reviewed them just to ensure everyone is happy with the make up and process of the Coordinated Council but it is up to the group. Discussion ensued as to the By-Laws and it was decided that we would continue to do an annual review and no updates are needed this year. Janet entered a motion to approve the By-Laws and Heather seconded that motion. Motion passed by unanimous vote.</p>
f	<b>5310 Program-specific discussion (time to talk about what is currently happening in the 5310 program, concerns, questions, assistance, etc.)</b>
	<p>Michael opened the floor for discussion of all things 5310 related. Ashley Baud asked a question about training requirements for new drivers and how long they have to get them fully trained. Felicia explained that ADOT in the past has expressed that they would like drivers to be fully trained within 6 months of the date of hire. This is not in the guide book but should be an internal policy and during previous ADOT Audits they stated they like that time frame.</p> <p>Felicia asked Bryan if he could briefly explain to everyone the current state of vehicles and the nationwide delay. Bryan explained that vehicle orders are being delayed for a year to 15 months...this is due to the computer chip shortage nationwide. He also explained the Chrysler MiniVans are no longer being offered so anyone who ordered one should have been contacted to change their request.</p>
g	<b>5311 Program-specific discussion (time to talk about what is currently happening in the 5311 program, concerns, questions, assistance, etc.)</b>
	<p>Michael invited the 5311 agencies to an open discussion. Janet with Quartzsite explained that they had a situation where the Health Department requested a ride for a Covid positive patient being discharged from the hospital to a 10 day quarantine. She wondered if anyone else has had this situation and how they handled it. The conversation led to an agreement that all riders should be assumed to be positive and emphasis needs to be on PPE and sanitizing measures as rides can not be denied. Laura Savala asked if anyone has purchased or knows where to purchase vehicle air sanitizing boxes to help with keeping vehicles safe for drivers and passengers. After some discussion Brian said he would reach out to the vehicle vendors to see what they have and will send the information on to Felicia to send out to the whole group.</p>

# TSA extends face mask requirement through May 3, 2022

Statement

Wednesday, April 13, 2022

At CDC's recommendation, TSA will extend the [Security Directives and Emergency Amendment](#) requiring mask use on public transportation and transportation hubs for 15 days through May 3, 2022.

CDC continues to monitor the spread of the Omicron COVID-19 variant, especially the BA.2 subvariant that now makes up more than 85% of U.S. cases. Since early April 2022, there have been increases in the 7-day moving average of COVID-19 cases in the United States. During the 15-day extension period, CDC will assess the potential impact the recent rise of COVID-19 cases has on severe disease, including hospitalizations, deaths, and healthcare system capacity. TSA will continue to coordinate closely with CDC and communicate any changes to this requirement with the public.
